Hi All

We just joined, and we are going to buy a tent, so looking for advice and places you recommend for our camping trips.

Many Thanks

Hi, I'd recommend Outwell. The Hartford range is excellent - we've got the Outwell Hartford L - with fitted carpet. It has a large central lounge, with decent size 'hall' and two seperate bedrooms either side of the lounge so they are not right next to each other.

You can just about stand straight in the middle of hte lounge.

We got it in the sale for about £160, but I think at the moment they are about £200.

Hope that helps
